## VOLUNTEER EXPERIENCE

Web Development Tutor
November '21 - June '22

- Set up and maintained a Discord server where I tutored a revolving cohort of beginner web development students in a diverse array of subjects and concepts centered around front end development with Javascript and React
- Conducted bi-weekly Zoom sessions where I would answer questions, help students with challenging coding problems, and provide in-depth code reviews
- Organized data structures and algorithm practices three times a week which would consist of timed challenges on sites such as Leet Code and Code Wars

## EMPLOYMENT HISTORY

Freelance Audio Engineer
May '05 - Present
Cincinnati, OH and Tampa, FL

- Provided live mixing and recording services for live events and broadcasts as well as post production services such as editing and mastering of recorded audio
- Provided design, installation, and maintenance of in-house sound systems as well as room acoustic analysis and measurement
- Maintained a private sound system to provide to clients on a rental basis
- Conducted extensive consultations with prospective clients to weigh their goals for their project against their budget as well as any other situational constraints

## EDUCATION / CERTIFICATES

Zero to Mastery - The Complete Web Developer in 2021
